

# FARM PARK

## Health & Safety

**To ensure a safe as well as fun day, please adhere to the following guidelines:**

- Wash hands with soap and water after visiting animal areas, particularly before you eat or drink.
- Do not eat or drink in animal areas.
- Keep fingers away from mouths whilst around the animals.
- Do not kiss the animals.
- Never drink from taps unless they are clearly marked drinking water.
- If your child drops their dummy/soother around the farm it must be thoroughly cleaned/sterilised before giving back to child.
- If you or anyone in your group has sickness or diarrhoea within 2 weeks of visiting the farm please contact your GP or call NHS direct.
- If anyone in your group, particularly a young child has bloody diarrhoea please seek immediate emergency medical attention.
- Do not eat the animal food.
- Beware pigs may bite do not feed by hand.
- Do not feed the ponies or donkeys.
- Pregnant women should avoid all contact with newly born animals and their mothers.
- Please keep to all paths and tracks.
- Please do not climb on, over or through fencing and gates.
- In the event of a fire please follow directions from staff and muster in the car park.
- Cover cuts and grazes, first aid point is located in the shop.
- The farm park is a no smoking area. Please go to the car park, beyond the Cricket Club if you wish to smoke.
- Adults are fully responsible for ensuring the children with them follow safety information and wash their hands properly.

*The West Lodge Team will ensure your children are having a great time, but they are not a replacement for parental supervision. Every consideration has been given for the safety of children using West Lodge Farm and all of its play areas, but we cannot be held responsible for accidents which occur as a result of playing on the equipment, lack of supervision or misuse.*

*Thank you!*
